MEDICATION AND MEDICAL NEEDS!

- **Please note that students CAN NOT self-medicate while they are in school.**

- **We want to ensure their medical wellbeing and MUST have the necessary documents and medication on file in order for the School Nurse to administer the medication.**

- **Please note that if we DO NOT have the necessary documents and medication on file and it has been determined that your child requires IMMEDIATE medical attention outside of the local school, we will call 911 and have your child transported to the nearest medical facility.**

- Please contact the school nurse to secure the forms that your child's doctor will need to complete, as well as, if you have questions or concerns.

- **ALL medication MUST be brought in by the parent and given DIRECTLY to the School Nurse.**

Community Health Administration

Dear Parent or Guardian:

The District of Columbia Department of Health (DOH) is sponsoring preventive dental services at your child's school through the DOH School-Based Oral Health Program. Licensed dentists and their staff will provide exams ("checkups") and x-rays to students who have not seen a dentist in the last six (6) months. The services will include: dental cleanings, fluoride treatments, and sealants (as needed). Students that need services not offered at the visit (such as fillings, tooth removal, or braces) will be referred to community dentists. Services do not include drillings or shots. Information from your child's visit will be shared with the school nurse or other point of contact at the school and with the DOH School-Based Oral Health Program for the purposes of: billing, treatment and follow-up, and program monitoring.

PLEASE NOTE: Children should see their dentists every six (6) months. If a child has a regular dentist, the School-Based Oral Health Program services should NOT take the place of a visit to that dentist. If a child has been to the dentist in the last six (6) months, she or he may not need the school-based services. The dental providers will check for dental insurance coverage and the last dental visit for all children to be seen at the school and will bill insurance for any services provided.
